7. We very much need your cooperation as listed below.

(1) Please submit all documents in **printed letters, not in hand written letters**. Please use fillable form for items 1-7. We can't read many hand written letters and it contributes to our spelling errors.

(2) **We want your names in Japanese katakana letters please. You may copy and paste katakana into fillable form or attach a separate sheet of paper.**

Please seek out Japanese around you, learn your name in **Japanese katakana** and remember it.

If you don't give us your **katakana name**, we have to write your name based on our pronunciation in your Dan Certificates. Then when Japanese call you in **Japanese katakana name**, you may not identify it is you.

My Japanese **Kanji name** have three completely different pronunciations.

My name can be read Riki or Chikara or Tsutomu. If you don't care the pronunciation of your name in your Japanese Certificates, we will just do our best.

(3) We want you to submit your "WMKA Request for Dan Certificates" within two months after your evaluation test. If you submit the request too late, we have to issue their Dan certificates the day we received them. We will also send their Dan certificates to you within two months after we received yours. Thank you very much for your cooperation!
